Originally from the middle of Manhattan, DJ Baby Yoda (aka Lisa Battersby) plays the cutting edge of House, Techno, Progressive, Drum & Bass and more. She's a SoCal DJ with a cool Ibiza vibe. Her energy is upbeat, powerful and downright infectious!

Baby Yoda cut her teeth as a DJ in San Francisco in 2019, taking the leap from Musician-y Science Geek (3D Acoustics Specialist), to full time DJ. She started in small clubs and restaurants like OMG, Asiento, and Bask, then worked her way up to Great Northern and Monarch by Dec 2019. During the pandemic Baby Yoda became an online DJ, gaining a residency on Ibiza Stardust Radio where her presence continues to grow across the globe. She has many thousands of listeners in Ibiza and throughout the world tuning in every 1st and 3rd Saturday.

In 2020, she moved down to the Palm Springs area, where she began building a name and presence. Baby Yoda coordinated and headlined in the Pride Festival tent at The Blackbook. 2022 saw Baby Yoda frequently performing at The Alibi in Palm Springs, where she headlined, and also opened for such acts as Pachyman, Bonavega, and Planet Booty.

She now resides in Los Angeles and has performed across all across LA, with a concentration in Downtown LA in some great bars and nightclubs, such as Pattern Bar, Station 1640, Los Globos, and Dirty Laundry. In 2023 she performed in Europe for the first time, both in Ibiza Spain, and the UK. This year, catch her in San Francisco, Los Angeles, NYC, DC, San Diego, the UK, and Spain.
